## STEAM Festival

4 Oct - 9 Oct 2022

**Celebrate this Children's Day with a line-up of festivities both on-site and online!**

Discover science in the spaces and places around us at KidsSTOP™'s STEAM Festival! Blast into outer space at the sensory theatre, wander in our immersive zones and get your hands dirty at the STEAM Play Yard activities and experiences catered to our young learners.

2 - 6 years old

## Online

1 Oct - 11 Dec 2022

**#UNTAMESpaces - Complete online missions, defeat the Void, and win yourselves attractive prizes!**

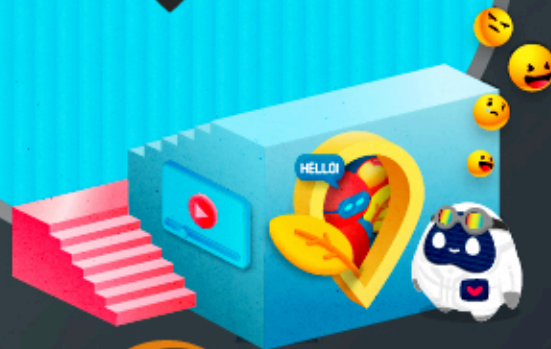

Together with the STEMLings, journey through different spaces and transform them into beautiful places through a series of online missions. Access a collection of insightful videos, minigames and real-world activities for free.

Everyone!

[untame.edu.sg](https://untame.edu.sg)

## WHAT'S IN STORE FOR YOU?

## Kit

23 Sep onwards

**Tinker with 5 specially curated STEM activities to investigate, create and fuel your spirit of curiosity!**

**Bonus:** Unlock tutorial videos and an exclusive habitat on the #UNTAMESpaces platform.

10 years old and above

**Experience Science Centre like you've never before - exciting activities await during the day and after hours!**

Take part in mission activities such as target shooting and capturing spy agents! Experience the festival coming to life after dark (for 18+ only) during 2 special weekends where you can let your hair down, eat, drink and be merry!

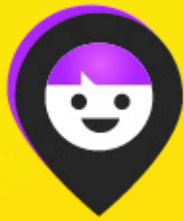

Day: Everyone

After Dark: 18+

# STEAM Festival

4 Oct – 9 Oct 2022

Celebrate this Children's Day with a line-up of festivities both online and onsite at KidsSTOP™.

This year's theme focuses on the discovery of spaces and places around us through engaging hands-on STEAM challenges, collaborative art and workshops for educators and parents.

## PRE-FESTIVAL

### Neighbourhood of Tomorrow

A community installation project pieced together through preschool and public engagements for 2 – 6 year olds.

### Bite-Science webinar

A free online session for early childhood educators and parents, on the topic of teaching sustainability to young children.

## FESTIVAL

### Mars I do this? Sensory Theatre Performance

"Mars I Do This?" follows the journey of Jo – a little girl who loves outer space. No one truly understands her, except her two best friends Strelka and Ham. Join them as they journey through space to reach Mars and help them on a mission to fix the rover!

### STEAM Play Yard

Explore the three different spaces— outer, living and inner, with STEMLing through fun adventures such as making a 3D-printed STEMLing, building a wacky house and creating an emotion squeeze ball.

### Immersive Zone

Embark on our first-ever immersive zone that marvels you with a story of Elly, a baby Asian Elephant and her mother through the use of cutting-edge holographic technology.

### Toddler Zone

Explore different seasons, discover more about emotions, and participate in STEAM activities related to outer space and cyber space in our Toddler Zone that has been specially curated for your little ones!

### Workshops for Parents & Educators

Explore the characteristics of true play, where children learn valuable life skills. Find out more play schemas, and mindful communication tools to promote positive behaviors during play.

# STEAM FESTIVAL ADMISSION

**STEAM  
FESTIVAL  
PASS**

=

**Sensory  
Theatre**  
*Mars I do this?*

+

**STEAM  
Play Yard**

## #UNTAMESPACES – THE STEMLINGS RETURN!

**A mysterious black goo is taking over the world – only you can save it.**

Journey through different spaces and uncover the damage done by the Void, an all-negative creature filling the spaces with corrupting black goo. With the help of Earth's latest technologies and resources, set off on missions to spread positivity and eradicate the Void – watch the impact of your actions unfold as you transform spaces bit by bit into beautiful places.

Stand to win attractive prizes by playing a collection of mini-games, video quizzes, and real-world experiences!

Eradicate the Void. Turn our Spaces into Places. ▶ **Start now at [www.untame.edu.sg](http://www.untame.edu.sg)**

## MEET THE STEMLINGS & THE HABITATS!

# Kit

23 Sep onwards

Price:  
**\$54.90**

Each kit includes 5 specially curated STEM activities for you to investigate, create and fuel your spirit of curiosity. Explore your Living space, Outer space, Cyber space and Inner space as you tinker with the LOCI Kit!

## WHAT'S IN THE LIMITED EDITION LOCI KITS?

Suitable for 10 years old and above

**Drone Race** – Code and build a light ring that changes colour when you fly your drone across.

**Gyropaint** – Create your own colourful art piece after setting up your spin art machine.

**Stomp Rocket** – Assemble and build your own rocket launcher and paper rocket. See how far your rocket will fly!

**Code-a-Pet** – Build and code an electronic pet that can react to your instructions!

**Algae to the Rescue (Card game)** – Play a game with your friends and see who is better at safe guarding our marine life.

**Bonus:** Unlock tutorial videos and a special habitat on the **#UNTAMEspaces** platform at [www.UNTAMEdu.sg](http://www.UNTAMEdu.sg).

In addition, receive access to an **exclusive screening of STAR Lecture 2022** in partnership with Royal Institution (United Kingdom).

**Get your  
LOCI Kit now!**

# Onsite

2 Dec – 11 Dec 2022

**Experience Science Centre like you've never before – exciting activities await during the day and after hours!**

## DAY

2 – 11 Dec 2022, 10am – 5pm (Regular Science Centre admission)

**Suitable for all!**

**Featuring an exciting, limited-time only event, where you can put your speed & wits to the test!**

The Void has consumed the Science Centre and the STEMLings need you! Register for a STEMLing Agent training course and hone your skills to defeat the Void. Put your navigation skills to the test in an Outer Space Maze, test your focus in a life-sized wire loop game, and stand a chance to win a special prize!

For those who prefer to take it easy, feel free to sit back and enjoy film screenings, or stroll through the flea market where you can browse an array of handcrafted and sustainable goods.

## AFTER DARK

2 – 4 & 9 – 11 Dec 2022, 6.30pm – 10.30pm

**18+ only**

**Experience the Science Centre as a game world come to life at night, for two special weekends only!**

Arm yourself with a starter pack and help us eliminate the Void that has turned the game world upside-down! Take on missions such as capturing spy agents, hone your precision in a target shooting range and equip yourself for an ultimate showdown.

Be entertained by a series of live performances and film screenings, feast on a delicious selection of fair favourites, and indulge in some retail therapy at our eco-friendly Flea Market. And for the first time ever, catch a special display of the Fire Tornado at night!
